PRESIDENT'S MESSAGE

I am humbled and thankful to Almighty Allah (SWT) for enabling FJMCAANA to achieve more in 2021 than we had expected. Through the generosity of our alumni and supporters, we strengthened patient care at Sir Ganga Ram Hospital, expanded scholarships and career support for FJMU students and graduates, supported education in underserved communities, and extended humanitarian assistance beyond Pakistan.

Our educational programs also created new ways for alumni in North America to connect with FJMU, share expertise, and serve the public. The APPNA Winter Scientific Session at FJMU brought these efforts together and demonstrated what can be accomplished through unity and service.
