Message from the President

Dear Fellow Alumni and Friends,

Serving as President of FJMCAANA in 2025 has been a privilege and a meaningful opportunity to give back to the institution that shaped our lives. I am grateful to our alumni, donors, and colleagues whose generosity supported student scholarships, community needs, and healthcare initiatives throughout the year.

One of the year's most memorable experiences was returning to FJMU in December at the invitation of Vice Chancellor Professor Dr. Khalid Gondal for the annual scientific conference. Team FJMCAANA shared knowledge through presentations on various topics and offered students and graduates guidance on applying for residency in the United States and Canada. These conversations reminded me how valuable our experience can be to those preparing to take their next professional steps.

Joining APPNA colleagues for a gracious dinner on the grounds of our alma mater's hostel made the visit especially meaningful. Returning to a place filled with memories renewed our connection to FJMU and to one another.

Thank you for the trust you placed in me and for every contribution of time, expertise, and financial support.

Dr. Umbreen Chaudhary

President, FJMCAANA | 2025

FJMCAANA
FATIMA JINNAH MEDICAL COLLEGE
ALUMNI ASSOCIATION OF NORTH AMERICA

Annual FJMU Scientific Conference

In December 2025, FJMCAANA attended the annual FJMU Scientific Conference at Fatima Jinnah Medical University at the invitation of Vice Chancellor Professor Dr. Khalid Gondal.

Team FJMCAANA spoke on a range of topics during the conference and provided an informational session on applying for residency in the United States and Canada. The session created an opportunity to share guidance with students and graduates considering postgraduate training in North America.

A Return to Our Alma Mater

Alongside members of APPNA, FJMCAANA attended a gracious dinner on the grounds of our alma mater's hostel. The gathering provided a warm setting to reconnect with colleagues and celebrate our enduring ties to FJMU.

Acknowledgments

We extend our sincere thanks to Vice Chancellor Professor Dr. Khalid Gondal for his invitation and hospitality, and to the FJMU community, APPNA colleagues, and Team FJMCAANA for their participation. We are grateful to our donors and alumni for supporting the association's work throughout 2025.
